

## Disclaimer

### 1. Content of our online offers

Whilst every effort is made to ensure that the information contained within this site is correct and up-to-date, the author makes no warranties or representations as to its accuracy, completeness or quality. Any claims for compensation made against the authors which purport to be the result of damage of a physical or intangible nature resulting from the use or non-use of information (in whole or in part, whether correct or incorrect) displayed on this website are explicitly excluded where intent or gross negligence on the part of the authors cannot be proven.

All offers made here are subject to availability and non-binding. The authors retain the right to modify, extend or delete the information displayed on this website and to remove the site temporarily or permanently without prior notice.

### 2. References and links

Where a direct link from this site to an external site exists and the authors have no influence over the content of that external site, these authors' liability for the information on the external site is restricted exclusively to cases in which the authors are aware of the contents of that external site and in which these authors have the technical means and authority to prevent access to that external site in the event of illegal content being displayed or available on that external site.

The authors declare explicitly that, at the time the links were programmed, the target pages were free of illegal content. These authors have no influence over the current or any future content of linked sites or their copyright. These authors expressly distance themselves from all the content of any linked pages or sites that have been changed since the original link was created. This applies to all links and references displayed or available in these authors' website and entries made by others in any guest books, discussion forums and mailing lists. The author of the linked site, not the author of the referring site, is exclusively liable for any illegal, incorrect or incomplete content displayed on that linked site and, in particular, for any damage or injury resulting from use or non-use of such information.

### 3. Copyright and trademark ownership

The authors have made every attempt to ensure that the copyright in all images, sound files, video clips and copy has been observed, and that the images and copy used here have either been created by the authors themselves or are from licence-free sources.

Any trademarks and brand names referred to in this website are the property of their respective owners without restriction. Merely using the name or mark on this site does not imply that those names or marks are not subject to the restrictions imposed by their owners.

Copyright in all documents, images, sounds and publications created by these authors is expressly retained by the authors. Reproduction, copying and storage of any such images and copy in any form whatever, temporarily or permanently, whether electronically or otherwise requires prior written approval by the authors of this site.

#### 4. Data Protection

Any personal or business information entered by a user of this site, including but not limited to email addresses, names, postal addresses, is deemed to have been entered voluntarily. Users are permitted to use the site and any services provided by it including that of payment without entering such details or by entering anonymous details or a pseudonym - where technically possible.

#### 5. Applicability and exclusion of liability

This disclaimer is an integral part of the website and the page from which it is accessed. If any part or individual clause or phrase should be or become at variance with current legislation, the remaining clauses of this document remain in full force.
